Notes on AMS Ratings:

AMS results will initially not be generated as no 2026-27 re-validations have been sighted at this time.

Races will be re-processed to give AMS results when a majority of 2026-27 AMS ratings are available.

Notes on Initial PHS Handicaps:

Firm Initial PHS Handicaps are carried forward from the end of Bay Cup season 2025-26.

Provisional Initial PHS Handicaps are assigned to boats which are are new to the competition or lack recent competitive results. These Provisional Handicaps should be reviewed by the Race Committee after three races and adjusted retrospectively if warranted.

Boats shown in both Div 1 and Div 2 may choose which Division they wish to contest. However, boats with PHS less than 0.540 are likely to find that they do not finish races within the time limit in Div 1, therefore DNF.

As Div 2 PHS handicaps are all provisional, the opportunity has been taken to re-scale them all so that trailer-sailers are close to the CBH or Marlay Point handicap for their class (where applicable).
